EDUCATION

Peking University, Beijing, China Sep. 2023 - Jun. 2026

M.P.H. in Health Policy and Management | Advisor: Prof. Hongqiao Fu

Capital University of Economics and Business, Beijing, China Sep. 2019 - Jun. 2023

B.A. in Accounting and B.S. in Statistics

PUBLICATIONS

Chen, T., Sun, X., Tsuei, S., **Yang, R.**, Yip, W., & Fu, H. (2025). Care for end-stage kidney disease in China: progress, challenges, and recommendations. *The Lancet Regional Health - Western Pacific, 54*, 101268.

Health-policy review examining persistent inequalities in treatment access and care quality, and the case for coordinated reforms in financing, provider payment, and quality monitoring. Contributed to the literature search.

WORKING PAPER

Yang, R., Fu, H., & Xu, D. *Public Internet Hospitals and Physicians' Online Dual Practice: Evidence from Third-Party Platforms in China.*

- Examines whether public hospitals' online platforms complement or substitute for physicians' practice on third-party platforms.
- Constructed a longitudinal physician-level panel and used difference-in-differences models to examine changes in platform participation and service intensity, and how these responses vary by professional rank.

RESEARCH EXPERIENCE

MIT Sloan School of Management Jan. 2026 - Present

Research Assistant | Supervisor: Prof. Jackson Lu

- Co-developed a framework for evaluating LLM-generated responses, refining objective and subjective rating criteria through repeated coding and rater calibration. Independently analyzed objective evaluation outcomes; parallel analyses by other team members produced consistent findings.
- Independently wrote Python scripts to scrape and clean data from public websites, then cross-checked records across sources to verify and extend an existing research dataset.
- Independently wrote Python scripts to download and organize 10,000+ meta-analysis articles from leading journals in psychology, management, and medicine for an AI-assisted research tool.
- Contributed substantive manuscript feedback and editorial revisions; acknowledged in articles on AI and entrepreneurship (*Strategic Entrepreneurship Journal*), social class and negotiation (*PNAS*), and the UK bamboo ceiling (*Personnel Psychology*).

Sauder School of Business, University of British Columbia Jul. 2026 - Present

Research Assistant | Supervisor: Prof. Mingduo Zhao

- Refined and tested an online experiment on consumer decisions involving AI, reviewing task instructions, assignment to experimental conditions, and the recording of participant responses.
- Revised data collection and outcome-coding procedures for an online field experiment on AI and hiring; collected and coded study data.

CUHK Business School, The Chinese University of Hong Kong Dec. 2024 - May 2025

Research Assistant | Advisors: Prof. Leo Huiyao Liao and Prof. Nan Guo

- Designed a targeted social-media recruitment strategy and recruited 39 participants for a qualitative study of gender norms and women's workplace experiences.
- Conducted semi-structured interviews and refined the questionnaire; prepared interview transcripts and used NVivo for thematic coding.

Guanghua School of Management, Peking University May 2026 - Jul. 2026

Research Assistant, Department of Accounting | Supervisor: Prof. Qian Huang

- Independently wrote Python scripts to extract carbon emissions data from 20,000+ annual reports of Chinese A-share firms (2022–2025), and developed coding standards to convert the disclosures into measures for empirical analysis.
- Authored a codebook and training manual, and trained other research assistants to verify the extracted information against the original reports.

Beijing Health Big Data & Policy Research Center Jul. 2024 - Dec. 2024

Research Assistant

- Examined changes in intercity patient referrals after a regional medical center opened, combining difference-in-differences analysis with ArcGIS maps of patient flows.

CONFERENCE PRESENTATIONS

Yang, R. (2026, March 20-24). *When digital reform meets professional autonomy: Physicians' online practices* [Oral presentation]. American Society for Public Administration Annual Conference, Hollywood, CA, United States.

Yang, R. (2024, October 24-26). *The role of long-term care insurance in supporting female caregivers who become disabled patients* [Oral presentation]. Women's Health Conference, Singapore.

TEACHING EXPERIENCE

Peking University, Beijing, China 2024

Graduate Teaching Assistant, Research Progress in Health Economics | Prof. Hongqiao Fu

HONORS AND AWARDS

Outstanding Research Award, Peking University 2025

Third Prize, May Fourth Youth Science Award, Peking University 2024

Outstanding Graduate of Beijing (Top 5%) 2023

Silver Award, Challenge Cup Entrepreneurship Competition 2022

SKILLS

Python, Stata, R, NVivo, ArcGIS.

LEADERSHIP AND SERVICE

Peking University Bowling Association, Beijing, China Sep. 2025 - Jun. 2026

President, university student association
