EDUCATION

Peking University, Beijing, China Sep. 2023 - Jun. 2026

M.P.H. in Health Policy and Management | Advisor: Prof. Hongqiao Fu

Capital University of Economics and Business, Beijing, China Sep. 2019 - Jun. 2023

B.A. in Accounting and B.S. in Statistics

WORKING PAPER

Yang, R., Fu, H., & Xu, D. *Public Internet Hospitals and Physicians' Online Dual Practice: Evidence from Third-Party Platforms in China.*

- Examines whether public hospitals' online platforms complement or substitute for physicians' practice on third-party platforms.
- Constructed a longitudinal physician-level panel and used difference-in-differences models to examine changes in platform participation and service intensity, and how these responses vary by professional rank.

PUBLICATIONS

Chen, T., Sun, X., Tsuei, S., **Yang, R.**, Yip, W., & Fu, H. (2025). Care for end-stage kidney disease in China: progress, challenges, and recommendations. *The Lancet Regional Health - Western Pacific, 54*, 101268.

RESEARCH EXPERIENCE

Sauder School of Business, University of British Columbia Jul. 2026 - Present

Research Assistant | Supervisor: Prof. Mingduo Zhao

- Tested and refined an online experiment on consumer decisions involving AI, checking participant instructions, assignment to experimental conditions, and how responses were recorded.
- Revised data collection and outcome coding for an online field experiment on AI and hiring, then collected and coded the study data.

Guanghua School of Management, Peking University May 2026 - Jul. 2026

Research Assistant, Department of Accounting | Supervisor: Prof. Qian Huang

- Extracted carbon emissions data from 20,000+ annual reports of Chinese A-share firms (2022–2025) in Python and developed coding rules to turn the disclosures into comparable measures.
- Trained research assistants to verify extracted values against the original reports and wrote the codebook and training manual used for those checks.

MIT Sloan School of Management Jan. 2026 - Present

Research Assistant | Supervisor: Prof. Jackson Lu

- Co-developed objective and subjective criteria for evaluating LLM-generated responses and refined them through repeated coding and rater calibration. Analyzed the objective ratings independently and obtained results consistent with the team's parallel analyses.
- Verified and expanded a dataset of CEO backgrounds by collecting and cleaning records in Python and cross-checking entries from LinkedIn and Wikipedia.
- Built a Python pipeline to download and organize 10,000+ meta-analysis articles from leading psychology, management, and medical journals for an AI-assisted research tool.
- Edited manuscripts and provided substantive feedback. This work is acknowledged in articles on AI and entrepreneurship (*Strategic Entrepreneurship Journal*), social class and negotiation (*PNAS*), and the UK bamboo ceiling (*Personnel Psychology*).

CUHK Business School, The Chinese University of Hong Kong Dec. 2024 - May 2025

Research Assistant | Advisors: Prof. Leo Huiyao Liao and Prof. Nan Guo

- Recruited 39 participants through targeted social-media outreach for a qualitative study of gender norms and women's workplace experiences.
- Conducted semi-structured interviews and refined the questionnaire, then prepared transcripts and coded them thematically in NVivo.

Beijing Health Big Data & Policy Research Center Jul. 2024 - Dec. 2024

Research Assistant

- Mapped intercity patient flows in ArcGIS and used difference-in-differences analysis to assess how referral patterns changed after a regional medical center opened.

CONFERENCE PRESENTATIONS

Yang, R. (2026, March 20-24). *When digital reform meets professional autonomy: Physicians' online practices* [Oral presentation]. American Society for Public Administration Annual Conference, Hollywood, CA, United States.

Yang, R. (2024, October 24-26). *The role of long-term care insurance in supporting female caregivers who become disabled patients* [Oral presentation]. Women's Health Conference, Singapore.

TEACHING EXPERIENCE

Peking University, Beijing, China 2024

Graduate Teaching Assistant, Research Progress in Health Economics | Prof. Hongqiao Fu

HONORS AND AWARDS

Outstanding Research Award, Peking University 2025

Third Prize, May Fourth Youth Science Award, Peking University 2024

Outstanding Graduate of Beijing (Top 5%) 2023

Silver Award, Challenge Cup Entrepreneurship Competition 2022

SKILLS

Python, Stata, R, NVivo, ArcGIS.

LEADERSHIP AND SERVICE

Peking University Bowling Association, Beijing, China Sep. 2025 - Jun. 2026

President, university student association
